CASH BOY SENDS OUT A SHIPMENT

COMPANY IN SHAPE FOR REGULAR PRODUCTION THAT WILL BE SUSTAINED INDEFINITELY

The Cash Boy is sending out its regular weekly shipment today and it is believed the values will run around \$25, if anything, exceeding that figure. Manager Mead is not making any effort to secure high values as he prefers to sort his ore to utilize the rock to the best advantage without swelling the average realization. The shipments are going to the Belmont mill at Millers at the rate of 55 tons a week which can easily be increased. The ore is coming from the west slope from the bottom of the mine and the east raise. The new development work consists of drifting west on the ore on the bottom level which is approximately 1570 feet. The mine is not troubled with water since the Victor pumps have been in service and, with the early completion of the Tonopah Extension auxiliary steam electric generating plant, there is no likelihood of the mine being flooded again.

EXAMINING MEN ON DRAFT LIST

Prior to Monday, the regular time for beginning the physical tests there were twelve candidates examined. On Monday there were 28 and on Tuesday 37. Those examined yesterday after the Bonanza's report closed were:

George Edward Deirenger	772
Frank Bell	773
Massino Cardenzana	
John Casarrotte	
Vaso Sperto	525
Matto Steve Mrazevich	379
Alaril A. Hincanko

FIRE DEPARTMENT CALLED

Some excited person called the fire department last evening for a blazing chimney at the M. & M. vulcanizing works due to an overflow of oil. No damage.

WOMAN SLAYER TRACED SOMEWHERE IN MONTANA

(By Associated Press.)
LACROSSE, Wis., Aug. 5.—The trail of Theo. Hauge, alleged murderer of Mrs. Cora Miller, led to somewhere in Montana. Hauge disappeared before the body was found in the basement of the house he occupied.

Of course the American people will have to pay heavily for the war, but the suppression of Prussian autocracy, Prussian arrogance and Prussian brutality is worth it.—Birmingham Ledger.

VITAL STATISTICS FOR MONTH JULY

Dr. C. J. Richards, health registrar for Nye county, reports eight deaths and seven births for the month of July. The remarkable feature is that of the deaths four were coroner's cases. The report follows:

Deaths—Bernard McQuillan, aged 86; William J. O'Flaherty, aged 12; Louis Chmovich, aged 34; Thomas J. Catherton, aged 40; John J. O'Byrne, aged 45; Charles M. Tornatori, aged 34, all of Tonopah; Robert Wilson, aged 68, Round Mountain, and John Huse, aged 51, Ione.

HEAD OF SHEEP GOES TO U. OF N.

The University of Nevada is to receive one of the finest mounted specimens of a mountain sheep head that ever graced a scientific cabinet. The gift will come from E. H. Mc Murray, of White Caps fame, who became the owner several weeks ago through presentation from a local sportsman. At the time Mr. McMurray expressed a desire to send the head back to the University of Wisconsin, at Madison, Wis., where he enjoys the friendship of most of the faculty, but after deliberating on the matter he concluded the state best entitled to the gift was Nevada since the trophy was killed in this state and is almost perfect.

SPEED MANIACS BETTER LOOK OUT

Owners of automobiles are warned by the chief of police that they must comply literally with the laws under penalty of being run in and detained in jail. Violations have become so common that the complaints of pedestrians have multiplied until the police feel there cannot be any relief until drastic action is taken. The county commissioners at their session yesterday authorized Chief Jack Grant to enforce the law to the letter and to see that no youths of either sex under sixteen be permitted to drive a car.

KEEPING TRACK OF RELAY RACERS

Ben Luce, president of the Tonopah Tuto club, received a message this morning from W. G. Scott, director general of the relay race stating that the first relay between Washington and Staunton, Va., a distance of 200 miles, was covered in nine hours. Arrangements have been made to flash the approach of the couriers from the summit of Mount Ellendale to Tonopah so that preparations may be made for the reception and escort for the drivers. If they should pass in the night a flash light will be used and heliograph will be employed in day time. The arrival is uncertain whether for Saturday or Sunday. When the courier passes Grand Junction, Colo., 315 miles east of Salt Lake the news will be wired to Tonopah that track of the race may be kept from that point.

Granville McDonald, a candidate for the aviation service and Harry Conwell, who wants to be a dough-boy with the infantry went out this morning to the recruiting station.

PERSONAL

MIKE CAHALAN was a passenger this morning en route to Goldfield. CHARLES RIVERA, of Manhattan, returned from the coast on this morning's train.

A. F. GEGAN, representing the Hercules Powder company, came in on No. 24 today.

MRS. A. H. SMITH departed this morning for Lovelock where she goes to visit her son Dr. Smith.

GRANT CRUMLEY and wife returned last evening from a month's outing on the coast.

REV. HARLAN BAILEY and wife were passengers this morning for San Francisco.

MRS. JACK HALLIHAN returned on today's train from Grass Valley, Cal., where she has been the past month.

ED. PATTERSON, receiver of the defunct Nye & Ormsby County bank, was a passenger today for Goldfield.

ED. J. RIGGS of Los Angeles, has arrived from the coast to take charge of the meter service of the Nevada Gas company.

MARK PAGE, superintendent of the Manhattan Consolidated motored in last evening, returning to Manhattan this morning.

O. McCRAVEY, superintendent of the White Caps mine, accompanied by his wife and son, are at the Mizpah.

ARTHUR G. RAYCRAFT, cashier of the Nevada First National bank of Tonopah, returned this morning from San Francisco.

EX-SENATOR T. J. BELL, from Reese River, is registered at the Mizpah.

SETTLED WITHOUT ANY LITIGATION

The restraining order issued on petition of Joseph B. Connor against the White Caps South Extension Mining company had no relation to the White Caps company and did not affect that corporation one way or another. The injunction was vitiated by the fact that it was issued after the property had been transferred and therefore did not apply. The case involved an individual liability which was settled the same day that the injunction proceeding was filed.

LARGEST CROP

(Continued from page one)
total wheat crop, winter and spring, 653,000,000 bushels.

(By Associated Press.)
WASHINGTON, Aug. 5.—The final production which the nation's crops will yield this year was forecast again today by the department of agriculture with estimates based on the condition of the growing crop on August 1. The production statistics indicate, when compared with the forecast made from conditions existing July 1, how July weather and other conditions have affected all important food crops on which the country and its allies in the war will have to depend during the coming year. With more than 343,000 square miles planted to the important food crops, not taking into account the vastly increased number of home gardens, the United States has more than one-ninth of its entire area growing in food crops. That is larger than the combined area of all the states from Maine to the Indiana-Illinois line and south to the North Carolina-Virginia line and the Ohio river, including West Virginia.

Bumper crops of corn and oats and record crops of barley, rye, white and sweet potatoes, tobacco and hay show the response of the farmers of the country to President Wilson's appeal made in April last to produce larger crops this year for war use.

BEGIN WORK ON SWIMMING POOL

"Begin work at once." That is what John G. Kirchen, president of the Tonopah Mine Operators' association said this morning in discussing the swimming pool.

This order at once snoop installs the speaker as the foster father of every boy and girl in Tonopah who has been looking anxiously forward to the time when the swimming pool would be a reality.

There will be no delay in the work and, for the comfort of young bathers, it may be explained that the water raised from the Victor shaft is so warm that it would be comfortable for bathing in November.

LEADER OF OKLAHOMA BANDITS ARRESTED

(By Associated Press.)
MUSKOGEE, Okla., Aug. 5.—Home Spence, one of the three held responsible for the uprising against the selective draft was arrested today. He was captured by federal officers after a fight with Spence's companions.

AMUSEMENTS

BUTLER THEATER

Owing to length of "The Barrier," shown at the Butler tonight, the first show will start at 7 sharp, second at 9 p. m. "The Barrier," a picture that has been heralded as one of the greatest dramas that has ever been on the screen. At the Broadway theatre, New York, it scored a tremendous hit and has since broken attendance records every where it has been shown. Rex Beach is the author of "The Barrier" and it will be remembered that he is also author of "The Spoilers." Motion picture critics claim that "The Barrier" is far superior to "The Spoilers" as a picture. You now have a chance to see and judge for yourself as well as being able to see something that is remarkable and with merit. It is an Alaskan story and one that is true. The principal characters in "The Barrier" are as Mr. Beach announced when the book was first published, taken from life—men and women whom the author met and knew in his five years' experience in Alaskan mining camps. Hence his assistance in the selection of the best cast, as well as his supervision of the production of the picture, insures its accuracy of interpretation and adds greatly to its interest. The management of the Butler can vouch personally for this picture as he has seen it before booking same and showing it at this time is put to an enormous expense for the production but it is the object of the management of the Butler to give its patrons the best that is on the market and hopes that all will see it as he promised that they will more than enjoy it.

GARBAGE MAN CITES TOWN ORDINANCE IN DEFENSE

The garbage contractor wishes to advise all householders that the town ordinance requires that all receptacles for garbage shall be placed at convenient points adjacent to streets and alleys. He says he is not compelled to back up into a hole located a hundred feet from the road. The man is perfectly willing to do whatever the health officers say and points out that the absence of complaint is the best proof of the efficiency of his service.

BOY BREAKS ARM

Albert Mitchell, son of W. M. Mitchell, secretary of the Miners' union, is getting along favorably with a broken arm which was fractured Saturday when the boy tried to crank a machine at the request of the owner.

In the light of probable future events Chancellor Michael's maiden speech in the reichstag suggests that he is booked for a rude jolt.—Birmingham Ledger.

Application for Grazing Permit

NOTICE IS HEREBY GIVEN that beginners' applications for permits to graze cattle, horses and sheep within the Toiyabe National Forest, during the season of 1918, must be filed in my office at Austin, Nevada, on or before the 15th day of October, 1917. Blank forms to be used in making applications and full information will be furnished upon request. This notice does not apply to present permittees. W. W. BLAKESLEE, adv.-all-18-25-81. Forest Supervisor.

Wonderful Soda--

That's what they all say!—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want; all the old-timers, and the newest ones.
